PARADISE SPA VAC™
A SIMPLE, INEXPENSIVE SOLUTION FOR CLEANING YOUR SPA OR POOL

FEATURES:

- Self-contained spa vacuum
- No pumping
- No batteries
- No water hook-up
- Aluminum telescopic pole extends to over 7 feet
- Picks up rocks, pennies, marbles, beach sand, etc.

The **PARADISE SPA VAC™** is available in Blister Pack, Single Box, 6-pk. Display or 12-pk. Display configurations.

HOW IT WORKS...

STEP 1:
Place your thumb over the end cap hole, put the Paradise Spa Vac™ into your spa or pool...

STEP 2:
... release your thumb from the end cap...

STEP 3:
... and watch the sand, pennies, and even small pebbles easily enter the clear polycarbonate chamber.

STEP 4:
When you are finished cleaning, remove the lower cup assembly and empty the contents. Rinse out filter area. It's that easy!

The Paradise's Filter System traps 99.9% of all debris.

THE PARADISE SPA VAC™ IS CONSTRUCTED WITH STATE-OF-THE-ART MATERIALS AND IS LIGHT, PORTABLE, EASY-TO-USE AND LONG-LASTING.

M-3000 POOL SENTRY™
KEEPS AN EYE ON YOUR WATER LEVEL SO YOU DON'T HAVE TO

M-3000
POOL SENTRY™

REINFORCED HOSE
(NOT INCLUDED)

THE POOL SENTRY™ maintains the water level of a pool, spa or pond – automatically and without needing to be attended. To assemble the Pool Sentry™, simply remove it from the box and thread the fill tube into the float valve. Snap the fill tube and float valve into the base and fill the base with small rocks or pea gravel. Next, snap the top cover onto the base and attach the garden hose (not included). Finally, adjust the float to the desired position.

The supply water stays on at all times when the Pool Sentry™ is in the pool. As the float drops, the water turns on. When the float reaches its set height, the water shuts off. The customer can adjust the float to any desired level, usually a point halfway on the tile line or skimmer.

Because the hose is under constant water pressure, it is essential that the customer uses a heavy-duty, reinforced hose. A flyer in each box offers customers an aftermarket hose. It is rated to 200 psi working pressure and 750 psi burst strength.

FEATURES:

- Protects pool pump against burnout
- Maintains water level while on vacation
- Great for rental or vacant homes
- Fills pool after acid wash
- No tools required – simply attach hose
- Controls level in leaking pools, ponds or spas
- Unattended operation
- **COMPLETELY PORTABLE!**

SCUMBUG™
DEVOURS SCUM, SLIME AND GRIME FROM POOLS AND SPAS

Scumbug™ is insatiable! When placed in a clean pool or spa, it eliminates the formation of scumlines. Capable of absorbing up to 40 times its weight in body oils and lotions, Scumbug™ provides 300% more surface area than competitive products and will not get clogged in water lines. When saturated, simply squeeze out, clean and reuse. Under normal conditions, Scumbug™ should last an average season.

ULTRA MITT
ELIMINATES SCUM, SLIME AND GRIME FROM WALLS OF POOLS AND SPAS

Ultra Mitt is infallible! Featuring a lightly abrasive open-hand surface permanently bonded to a durable, waterproof latex glove, Ultra Mitt provides the user with the largest scrubbing surface possible to remove even the toughest scum, slime and grime deposits. Ultra Mitt is ideal for use on fiberglass, acrylic, vinyl and tile.

ULTRA SCREEN
SKIMMER BASKET LINER
TRAPS DEBRIS, SCUM AND BUGS

Ultra Screen is incredible! Simply stretch Ultra Screen over the rim of the skimmer basket. Consisting of an extremely fine mesh material bound to a durable elastic ring, Ultra Screen prevents debris, scum and bugs from clogging the filtering system, thereby allowing for maximum water flow and extending filter life. When dirty, Ultra Screen may be removed, cleaned and reused.

ULTRA NET
SPA & POOL SKIMMER NET
COLLECTS POLLEN, FOAM, MINUTE INSECTS AND SURFACE OILS

Ultra Net is instantaneous. So simple yet totally unique, Ultra Net collects pollen, foam, minute insects and surface oils. Simply slide Ultra Net over skimming net and use in the normal manner. May be rinsed out and reused. Will fit all skimming nets measuring approximately 1 sq. ft.
